IVR-L 40/12-1

The smallest industrial liquid vacuum in the IVR-L range.

1. **Three-layer construction ensures durability**
   - High-quality materials and robust welding techniques guarantee a long service life.
   - An oil-resistant power cord is included as standard and increases the machine’s service life.

2. **Outstanding driving characteristics**
   - Compact construction and robust material for top driving characteristics, maximum flexibility and long-lasting durability.

3. **360° working radius**
   - Clean in all directions thanks to the rotatable hose connection on the suction head. Tangle-free suction hose.
